After Compliments,

In response to a growing demand for quality education that caters to a multicultural national and international community in the Sultanate of Oman, the Gulf International School opened at Madinat Sultan Qaboos in Muscat in September 2013 for the Academic Year 2013 - 2014.

**The School has now started admissions for the Academic Year 2017 - 2018 for Kindergarten 1, Kindergarten 2, Grade 1, Grade 2, Grade 3 and Grade 4. Classes for the next academic year will start on Sunday, 20<sup>th</sup> August 2017.**

The Gulf International School follows the British curriculum. The curriculum is formulated around the British National Curriculum with suitable modifications taking into consideration the international mix of students and their requirements. Many parents today are opting for an international curriculum that will enhance the future prospects of their child and will help develop a global understanding of issues backed by a critical and analytical mind that is encouraged to be creative.

The mission of the Gulf International School is to develop each child into a global citizen, unafraid to dream and build a world they wish to be part of. This will be achieved through initiating, structuring and developing the learning process in such a way that the student-centered classrooms will address the need of each child and foster independent learning. All the relevant documentation including the registration form for admission are available in this registration and admission form. You can also download the registration and admission form from our website [www.gulfinternational.school](http://www.gulfinternational.school).
